

# M-DCPS Dual Enrollment Guidelines for Distance Teaching and Learning

All DE students are strongly encouraged to communicate directly with their college/university professor or the M-DCPS credentialed Dual Enrollment teacher. DE Credentialed teachers should have instructional lessons, resources, and review materials available on their educational websites or other electronic media not limited to Edmodo, Google Docs, Zoom, Skype, YouTube and Microsoft Teams.

Post-Secondary Institutions are communicating with Dual Enrollment (DE) students via their university/college emails.
